Third Annual 9-11 Tribute Remembers the Fallen

For the third consecutive year, NI organized its annual 9-11 Tribute, asking Kennedy Avenue businesses to show honor to the victims of this horrific attack by putting up a message on their marquees, posters in their windows, or any other method of remembering those who perished that day. This year, NI expanded the scope of this memorial effort to Highland. Forty-three businesses showed their support, with the northernmost point Chuck & Irene's in Hammond to State Farm in Highland, with a few businesses on 169th St. participating as well.

This year's event drew so much attention that Lakeshore Public Television – Channel 56 – interviewed NI staff and aired the story as their lead that evening. Thank you to the following businesses that showed their support:
